

BHAVIK PATEL

Software Engineer & Full-Stack Developer | Data Scientist & Machine Learning Engineer

(+49) 15566214361 • bhavikp0799@gmail.com • linkedin.com/in/er-bhavik-patel-64454b151 • Cologne, Germany • German Work Permit

PROFESSIONAL SUMMARY

Versatile technology professional with an **MSc in Cyber Security** and **2+ years** of industry experience combining **full-stack software engineering** and **data science / machine learning**. As a **Software Engineer**, built scalable web apps with **Python, Django, React.js** and **AWS**, achieving **30% API performance gains**. As a **Data Scientist**, built end-to-end **ML pipelines** with **pandas, NumPy, TensorFlow & Scikit-learn**, reaching **93% model accuracy** on **Kaggle datasets**. Skilled in **Matplotlib, Seaborn, Google Colab, Jupyter, CI/CD, Agile/Scrum**, and **GDPR-compliant** data practices. Open to **Software Developer, Backend Engineer, Data Scientist** or **ML Engineer** roles in Germany.

TECHNICAL SKILLS

■ Software Engineering

Languages: Python, Java, JavaScript, C++, PHP

Web & Frameworks: React.js, Node.js, Django, Flask, Express.js, REST APIs, HTML5, CSS3

Cloud & DevOps: AWS (EC2, S3), Docker, Jenkins, CI/CD Pipelines, Linux

Databases: MySQL, PostgreSQL, MongoDB

Tools: Git, GitHub, Postman, VS Code, Agile, Scrum, GDPR

■ Data Science & Machine Learning

Core ML / AI: TensorFlow, Scikit-learn, CNNs, Random Forest, Decision Trees, KNN, MLP

Data Analysis: pandas, NumPy, Feature Engineering, Data Preprocessing, Kaggle

Visualisation: Matplotlib, Seaborn, Google Colab, Jupyter Notebook

Metrics: Accuracy, Precision, Recall, F1-Score, Anomaly Detection

MLOps: Model deployment via Django/Flask REST APIs, AWS EC2, Docker

WORK EXPERIENCE

Software Developer & Web Developer | Govardhan Infotech Pvt. Ltd.

Apr 2021 – May 2023 | Surat, India

- Designed and maintained **full-stack web applications** using **Python, Django, and MySQL** for production user base.
- Optimised **REST APIs and SQL queries** via indexing and caching — achieving a **30% reduction in response time**.
- Collaborated in **Agile/Scrum** teams for sprint delivery, peer code reviews, and **CI/CD pipeline** maintenance using Jenkins and Git.
- Delivered Python and Java training, improving team capability in software development and data handling.

KEY PROJECTS

Anomaly Detection for Insider Threats — MSc Thesis [DS/ML] | github.com/Bhavik7173/Thesis

May – Sep 2024

- End-to-end **ML pipeline** using **Python, pandas, NumPy** for feature engineering on **Kaggle** insider threat datasets.
- Benchmarked **CNNs, Random Forest, KNN, MLP, Decision Trees** via **TensorFlow & Scikit-learn**; achieved **93% accuracy**.
- Visualised performance with **Matplotlib & Seaborn** in **Google Colab & Jupyter**; published precision, recall, F1-score metrics; maintained **GDPR compliance**.

Brain Tumor Classification — CNN App [ML] [Full-Stack] | github.com/Bhavik7173/Android-Project

Oct – Nov 2022

- CNN image classification model** (TensorFlow) with **90% accuracy** on X-ray data; deployed via **Django REST API on AWS EC2** with Android front-end.

Quiz Application [Full-Stack] | github.com/Bhavik7173/QuizApp

May – Jul 2022

- Android quiz app with user authentication, scoring engine, leaderboards, performance dashboards, and analytics reporting.

EDUCATION

MSc in Cyber Security | University of Gloucestershire — FHM Campus Düren, Germany

Oct 2023 – Oct 2024

Modules: Network Security, Cryptography, OS Hardening, Web App Security, Programming for Security, Data Analysis & ML

BE in Computer Engineering | C.K. Pithawalla College — Gujarat Technological University, India

Jul 2017 – Jun 2021 | CGPA 8.33/10

Modules: Data Structures, Algorithms, Database Management, Statistics, Software Development, ML Fundamentals

LANGUAGES & ADDITIONAL

Languages: Hindi & Gujarati (Native) • English (C1 – Proficient) • German (A2 – Basic) **Soft Skills:** Analytical Thinking, Problem Solving, Research & Publishing, Agile Collaboration, Adaptability
